Did you hear the news?

The call for papers has officially ended.

Thanks to everyone who submitted a proposal!

The board is pleased to announce that we received the highest number in recent years for our annual conference to be held in San Francisco June 8-10, 2018, with almost 100 proposals. The conference committee will now begin the challenging task of choosing between the excellent proposals to put together the preliminary program for the conference which will be made available as soon as it is ready.
