

How to Get Your Certificate of Attendance/CE Credit

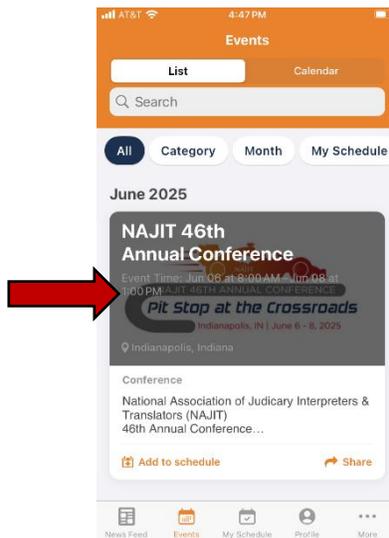

NAJIT conference attendees MUST download the NAJIT app to submit for a certificate of attendance.

Attendees will use the app to share feedback on each session where a certificate of attendance is required. Submitting a session survey via the NAJIT app will trigger a certificate of attendance to be emailed to you after the event. Use these step-by-step instructions to submit your feedback:

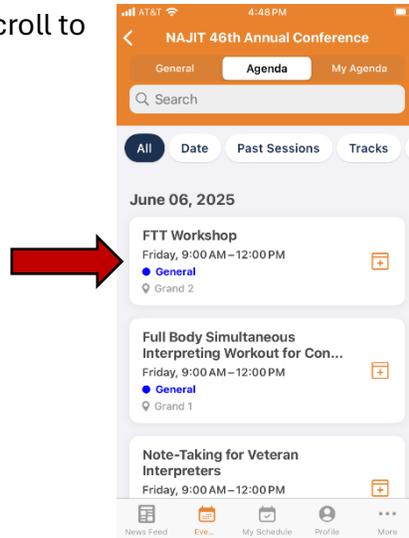

Open the NAJIT app. Select the “Events” icon on the bottom navigation bar.

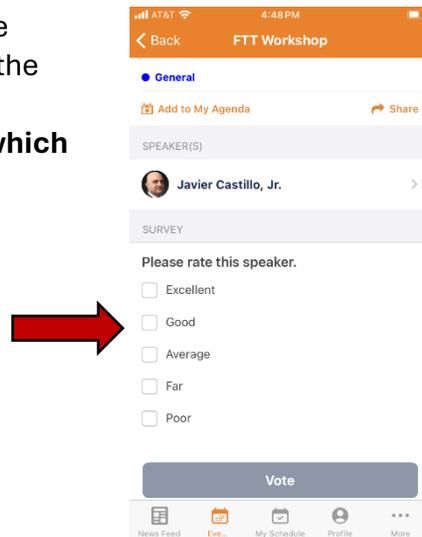

Tap on the NAJIT conference graphic.

Tap on “Agenda” at the top of the screen. Scroll to locate the session for which you want to complete a survey, and tap to open.

Scroll to the bottom of the screen, past the presenters, to access the survey. Answer the questions and click “vote” to submit your responses. **Do this for each session for which you’d like to receive CE credit.**

You’ll receive your certificate of attendance within 30 days of the end of the conference. Please reach out to events@najit.org with any questions, or come to the registration desk if you’re onsite at the conference.
